Caring for injured employees

We provide a 48-hour scheduling guarantee for all services, and we schedule the same day or the next day for urgent requests. In fact, 99.7% of orders are placed within one day. Our care coordinators support the injured employee's needs and help manage their expectations.

Valuable benefits

Selecting a service provider in our ancillary care network offers additional benefits including:

- Secure data exchange for personally identifiable information
- Competitive pricing, saving clients an average of 36% last year

Managing care and cost

By providing high quality ancillary support, we make it easy to carry out employee treatment plans while controlling costs. We have negotiated rates with our large network of ancillary service providers to help clients save on medical costs, while expediting employee access to care.

Our data-driven approach

We provide clients with access to the data that means the most to them, so they can make informed decisions. With our reports on utilization, cost and service delivery, clients have the information they need, when they need it.

We are here to help

Our ancillary care solutions provide employers with cost effective products and services that help ensure their injured employees receive quality care. Our dedicated care coordinators offer concierge-level support and connect employees with best-in-class services to help them on the road to recovery.
